PU&D Yard Uncharacterized Wastes

Robert Benedetti, Associate General Manager
Environmental Restoration Management
EG&G Rocky Flats, Inc.

Please find attached a May 20, 1993, letter from DOE/RFO to CDH regarding the characterization and management of uncharacterized wastes located at the RFP Property Utilization and Disposal (PU&D) Yard. We request that when the analytical results are available for the uncharacterized wastes, EG&G review the analytical program for soils in the Final OU 10 RFI/RI Workplan for the PU&D Yard in order to verify its adequacy. Based on this review, we request that EG&G transmit a memo to DOE/RFO stating that the analytical program is either adequate or inadequate. If inadequate, a draft technical memorandum to the OU 10 Workplan should be attached detailing additional requirements.

Any questions or concerns should be addressed to Bruce Thatcher of my staff at extension 3532.

James K. Hartman
Assistant Manager for Transition
and Environmental Restoration
